## Candy Cane Reindeer

~ Supplies ~

- box (or two) of candy canes
- [pipe cleaners](#) in white, red and green ([this packet](#) is great)
- [mini 5mm googly eyes](#)
- [5mm pom poms](#) for the noses
- [glue gun](#) and glue sticks
- Paper plate
- Plastic cup

~ Directions ~

1. Assemble your supplies
2. Put small pompoms and mini eyes in their own plastic cups
3. Heat up the glue gun and set over a paper plate so any drippings fall on the plate
4. Put a small dot of glue on the hook of the candy cane for each eye - place the googly eyes on the glue. *Be careful the glue is hot!*
5. Add a glue dot for the nose and place the felt pompom on top of the glue
6. Set to dry - I like to put standing up in a glass
7. Repeat until all your candy canes have eyes and noses
8. Take a pipe cleaner. Fold in half. Then pinch the two sides together in a back and forth zig zag. so it becomes like an accordion
9. Open the folded pipe cleaner and place the head of the candy cane on to. Twist the two sides of the pipe cleaner around to make a know. Spread out the folded sides to look like antlers.
10. All done!
11. Add to a present, hang from your tree, etc.
